

Password Ideas

You may find it useful to swap out the letters in your password for numbers or symbols, to make it harder for other people to guess and to stop people accessing your account online!

Here are some basic ideas to start with:

A = @ or 4

B = 8

C = <

E = £, € or 3

G = 6

H = #

I = !, | or 1

O = 0

S = \$ or 5

X = %

Z = 2
